

PERFORMANCE ARTS

For children aged 7 to 14 years

WHAT IS PERFORMANCE ARTS?

In this specially designed curriculum, students from Primary 1 to Teens work together as a team, preparing performances for presentation, as they discover more about stagecraft.

Performance Arts involves using a wide range of fun and exciting performance skills, that work together or separately, to engage an audience. Performance Arts is a natural extension of our existing EduDrama programmes, complimenting the skills acquired, and further recognising a host of creative disciplines, including:

- Acting
- Singing
- Dancing
- Playing a musical instrument
- Speaking poetry or prose
- Mime
- Puppetry
- Classical or folk song
- Stage fighting
- Juggling
- Clowning
- Performing as a comic
- Performing magic
- Script-writing
- Make-up
- Video
- Costume and set design
- Puppet-making
- Direction

PERFORMANCE ARTS AIMS TO:

- Foster creative thinking and teamwork
- Build and extend confidence
- Encourage evaluation and appreciation of own and other's work
- Provide a continuous framework of study to develop ideas and understanding of a range of arts related disciplines
- Extend the understanding and application of practical, technical and communication skills

HOW ARE CLASSES STRUCTURED?

2 hour sessions once a week

TEACHERS

1 class teacher, with visits by specialist educators from Julia Gabriel Centre for Learning and external facilitators.
