

9 Day Beijing Learning Adventure

29th May to 6th June 2010

Join us as we travel to China on a cultural exchange with students and teachers from Beijing Renmin University Affiliated Kindergarten and Primary School.

This exciting family excursion aims to introduce children to the joy of using language in real-life situations, as they experience a host of fun and interesting activities with their peers and their parents. Additionally, the children's confidence to use Mandarin increases as they develop a deeper understanding and appreciation of Chinese culture and values along the way.

The itinerary includes four days of immersion programmes at schools for the children, supported by teachers from the Mandarin Department at Julia Gabriel Centre for Learning. Our teachers will remain with the children to ensure a smooth transition to their new environment. Meanwhile, parents can take the opportunity to explore the fascinating historical sites of Beijing, indulge in some shopping and sample the many delights of the famous local cuisine.

Our teachers from Julia Gabriel Centre for Learning look forward to sharing this exciting opportunity with you and your child.
