

Vocal Expression: Colour Your Words!

“How can I speak more expressively so that I can capture the attention of those I am speaking to?” This is a question that adults ask very frequently.

In this workshop we will explore the elements of vocal variety: pitch, pace, pause, power, inflection and tone. Through a variety of fun and interactive voice and speech exercises, participants will become more aware of how they can colour their speech, so that *how* they speak complements what they are saying.

Participants will realize that it is not as difficult as they thought it was to achieve vocal expression. All that is needed colour their words is a little bit of creativity, courage and imagination!
